

# Labor-Management Advisory Council on Workers' Compensation Workplan

The project charter of the Labor-Management Advisory Council on Workers' Compensation identifies four primary areas of focus for the council. These are:

- Safety Policy Review
- Medical Topics
- Return-to-Work Topics
- Settlement Topics

In addition, the Advisory Council may choose to examine additional policy areas. To date, these have included:

- Exemptions policy for workers' compensation
- Alternatives to regulation of claims examiners
- Insurer financial results

The Advisory Council plans to address these topics according to this general schedule:

Meeting Time	Safety Topics	Medical Topics	RTW Topics	Settlement Topics	Advisory Council Topics
Jan-07	Introduction				
May-07	Discussion	Introduction			
Jul-07	Decision	Discussion			
Sep-07		Decision	Introduction		
Nov-07			Discussion		
Jan-08			Decision	Introduction	
Mar-08				Discussion	
May-08		↓		Decision	↓

Each topic spans three meetings:

- Introduction
- Discussion
- Motion/Public Input/Decision

Notes:

1. Medical may extend to the end
2. RTW = return-to-work
3. Advisory Council may include additional topics
